## THE 1001

### Note:

Because of the great national variation in styles of listing members of associations, etc., His Royal Highness Prince Bernhard of the Netherlands decided that members of The 1001 should be listed without academic qualifications, decorations and other honours, except to the extent that these are necessary to indicate to members how to address their colleagues correctly when meeting them.

|                                     |                |
|-------------------------------------|----------------|
